Chillin Like a Villain

Let me tell you something you can really trust
Everybody's got a wicked side
I know you think that you can never be like us
Watch and learn so you can get it right

You need to drag your feet
You need to nod your head
You need to lean back
Slip through the cracks
You need to not care
Uh, you need to not stare
You need a whole lot of help
(You need to not be yourself)

You wanna be cool?
Let me show you how
You don't break the rules
I can show you how
And once you catch this feeling
And once you catch this feeling
You'll be chillin', chillin', oh
Chillin' like a villain (chillin')
Chillin' like a villain (chillin')
Chillin' like a villain (hey)
Chillin' like a, chillin' like a (hey), villain

Your attention when you act like that
Let us teach you how to disappear
You look like you would lose a fight to an alley cat
Gotta be wrong to get it right 'round here

You need to watch your back
You need to creep around
You need to slide real smooth
Don't make a sound
And if you want it, take it
And if you can't take it, break it
And if you care about your health
(Seriously, you need to not be yourself)

You wanna be cool?
Let me show you how
You don't break the rules
I can show you how
And once you catch this feeling
And once you catch this feeling
You'll be chillin', chillin', oh
Chillin' like a villain (chillin')
Chillin' like a villain (chillin')

Chillin' like a

I really wanna be bad a lot
And I'm giving it my best shot
But it's hard being what I'm not
Well if you don't, you're gonna get us caught
He's right, we gotta stay low-key
Now show us how bad you can be
Like this? (yeah, yeah, yeah)
Like this? (yeah, yeah)
Oh yeah, I think I got this
Let's go, I'm ready to rock this
And I ain't gonna thank you for your help
I think I found the words to myself

You wanna be cool?
Let me show you how
You need to break the rules
I can show you how
And once you catch this feeling
And once you catch this feeling
You'll be chillin', chillin', oh
Chillin' like a villain (chillin')
Chillin' like a villain (chillin')
Chillin' like a villain (chillin')
Chillin' like a villain (chillin')
Chillin' like a villain

If Only

A million thoughts in my head
Should I let my heart keep listening
'Cause up 'til now I've walked the line
Nothing lost but something missing

I can't decide
What's wrong, what's right
Which way should I go

If only I knew what my heart was telling me
Don't know what I'm feeling
Is this just a dream?
Ah oh, yeah
If only I could read the signs in front of me
I could find the way to who I'm meant to be
Ah oh, if only
If only
If only

Every step, every word
With every hour I am falling in
To something new, something brave

To someone I, I have never been

I can't decide
What's wrong, what's right
Which way should I go

If only I knew what my heart was telling me
Don't know what I'm feeling
Is this just a dream?
Ah oh, yeah
If only I could read the signs in front of me
I could find the way to who I'm meant to be
Ah oh, if only
Yeah

Am I crazy? Maybe we could happen
Yeah

Will you still be with me when the magic's all run out?

If only I knew what my heart was telling me
Don't know what I'm feeling
Is this just a dream?
Ah oh
If only I could read the signs in front of me
I could find the way to who I'm meant to be
Ah oh

If only, yeah
If only, yeah
If only, yeah
If only, yeah
If only
If only

What's My Name

This is all hands on deck
Calling out to lost boys and girls

I'm gettin' tired of the disrespect
We won't stop 'til we rule the world
It's our time, we up next! (Next, next)
Our sail's about to be set (set, set)
They ain't seen nothing yet
Tell 'em who's in charge so they don't forget

What's my name, what's my name? (Uma)
Say it louder
What's my name, what's my name? (Uma)
Feel the power
No one's gonna stop us soon the world will be ours
What's my name what's my name?
What's it, what's it, say it, say it loud
(Uuuuuma, Uuuuma)

All eyes on me, let me see 'em (Uuuuuma, Uuuuuma)
What's it, what's it, say it, say it
(Uma ah ah)

Uma

I'm the queen of this town
I call the shots, you know who I am
I don't need to wear no fake crown
Stand up to me, you don't stand a chance
It's our time, we up next (next, next)
My crew's as real as it gets (gets, gets)
The worst is now the best
And leaving us here will be their last regret

What's my name what's my name? (Uma)
Say it louder
What's my name What's my name? (Uma)
Feel the power
No one's gonna stop us soon the world will be ours
What's my name what's my name?
What's it, what's it, say it, say it

You know what they say Bad girls have all the fun
Never learned how to count 'cause I'm number one
Ready here, we come We always get our way
It's a pirate's life, every single day (hey!)
She's the captain, I'm the first mate
Enemies seasick can't see straight
Call 'em fish bait, throw 'em on a hook
Uma's so hot they get burned if they look

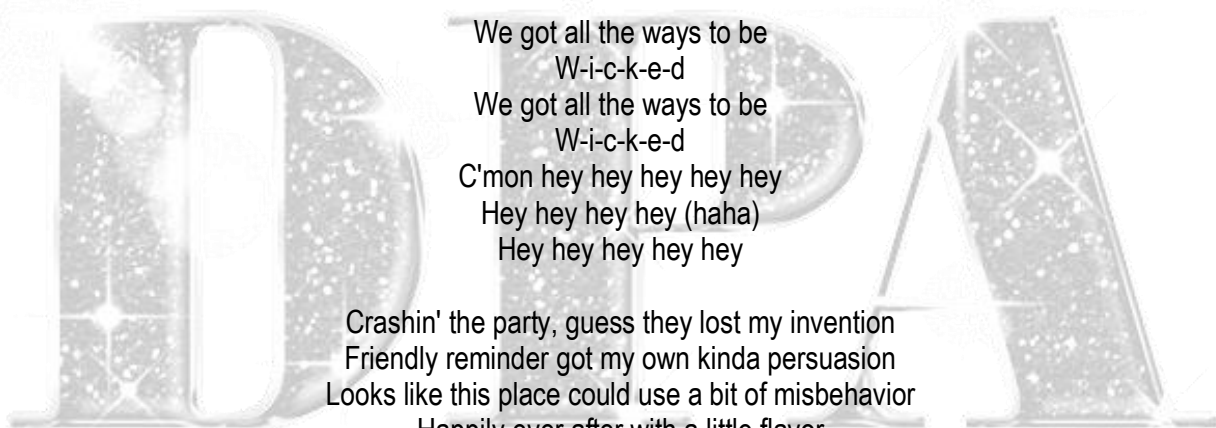

It's all eyes on me, let me see 'em
I see your eyes on me boys, hey
You know what my name is
Say it, say it louder

Ho, woah
Come on

What's my name what's my name? (Uma)
Say it louder
What's my name What's my name? (Uma)
Feel the power
No one's gonna stop us soon the world will be ours
What's my name what's my name?
What's it, what's it, say it, say it
(Uuuuuma, Uuuuuma)

All eyes on me, let me see 'em (Uuuuma, Uuuuma)
What's it, what's it, say it, say it
Oh, say it louder (Uuuuuma, Uuuuuma)
Oh, say it louder (Uuuuuma, Uuuuuma)
What's it, what's it, say it, say it

Ways to be Wicked

We got all the ways to be
W-i-c-k-e-d
We got all the ways to be
W-i-c-k-e-d
C'mon hey hey hey hey hey
Hey hey hey hey (haha)
Hey hey hey hey hey

Crashin' the party, guess they lost my invention
Friendly reminder got my own kinda persuasion
Looks like this place could use a bit of misbehavior
Happily ever after with a little flavor
Bad to the bone, with even worse intentions
We're gonna steal the show, and leave 'em all defenseless
A fairy tale life can be oh-so overrated
So raise your voices and let's get it activated

Long live havin' some fun
We take what we want
There's so many ways to be wicked
With us evil lives on the right side of wrong
There's so many ways to be wicked

Apple, apple dip, dip
Wanna try it?
Tick, tick
Take a bite, c'mon, be bold
Change the way the story's told

This time the dark is finally getting your attention
We're wicked by the book, and class is back in session
You like it, steel it

Gotta beat 'em to the treasure
A right of passage- bad just doesn't get much better

Long live havin' some fun
We take what we want
There's so many ways to be wicked
With us evil lives on the right side of wrong
There's so many ways to be wicked

Mother always knows best
Show her, pass every test
Hear her voice in my head
Evil is the only

Real way to live

We got all the ways to be
Hey hey hey hey
W-i-c-k-e-d
Let's go
We got all the ways to be
Hey hey hey hey
W-i-c-k-e-d
(Ye-ah)

Long live havin' some fun (havin' some fun)
We take what we want
There's so many ways to be wicked
With us evil lives on (evil lives on)
The right side of wrong
There's so many ways to be wicked

Cruel and unusual
We're taking control
There's so many ways to be wicked
With us evil lives on the right side of wrong
There's so many ways to be wicked
Hey, hey, hey
We got all the ways to be
W-i-c-k-e-d
We got all the ways to be
W-i-c-k-e-d
We got all the ways to be
W-i-c-k-e-d
We got all the ways to be
So many ways to be wicked
